

Oil & Grease Eco-Tub

PERFECT INDOOR SOLUTION

The Eco-Tub is the perfect indoor solution for collecting and storing fats, oils and grease. Its convenient size fits under most kitchen counters. Helps avoid fines or accidents by keeping floors neat and clean!

Available in 3 Capacities:

42 Gallon - 24" long x 20" wide x 26" high

55 Gallon - 30" long x 19" wide x 27" high

78 Gallon - 31" long x 26" wide x 26" high

**Casters Add 4" to height*

Standard Specifications

- Rotationally molded from linear low density polyethylene (LLDPE) which is easy to keep clean and helps eliminate grease build up. The single mold shape has no seams and is leak-proof.
- 11.25" Diameter screw top is easy to open/close and seals tight. This helps prevent spillage and keeps odors in.
- Smooth rolling casters (3" rubber non-marring wheels), 2 swivel at front side and 2 rigid at rear. Casters are bolted on and can easily be replaced if needed. Front right wheel has a brake.
- Front cut out adds strength and incorporates a handle that makes the tub easy to maneuver.
- In Stock-Standard color: Black. Other colors are available by special order. Two convenient locations in California. (Vernon and Galt)
- Full 1 year warranty from date of delivery, under normal commercial usage and Best Management Practices based on state, county or city regulations.
- Optional: 11" twist cap with 4" twist cap center.
